

INFORMATION FROM SIMPLY THE BEST TRAINING FARMING CONNECT WINDOW 15 4th May to June 26th 2020

Strange Times. Although the window is open, we have very little idea yet of **how** we will eventually deliver these courses, our original intention pre crisis was to commence the main training in September 2020. This remains our aim, albeit PROBABLY with lower numbers and social distancing, however we will have to see how the situation develops. If by then we can see that face to face training cannot be delivered we will explore digital and all other options in order to deliver the course to you. So meanwhile, all our info is below, but remember that Covid 19 criteria will affect it, and we just don't know how yet.

Our message is :

We are looking at online, remote delivery options for these courses, as Covid 19 situation develops. However these courses are written and designed for interaction, so we will look to deliver in smaller groups so that social distancing can be maintained as our first option, and move to a digital alternative if that is not possible.
